## { Profile }

I come from a creative background where I have been able to develop out of the box thinking, and to bring my ideas forward when they are needed. I am a listener, carefully paying attention to needs and propositions. Being customer focused, I am determined to figure out any issue, no matter what it takes, while keeping the client in mind. Additionally, as a member of a triathlon relay team, I know the importance of relying on the group to achieve the best results together.

## { Skills }

HTML  
CSS  
JavaScript  
NodeJS  
expressjs  
Jquery  
AJAX  
SQL  
PostgreSQL  
Ruby  
Rails  
Webpack

React  
Git  
Arduino  
Spanish  
Basic French  
Troubleshoot  
Color mixing  
Spraying  
Finishing  
Carpentry  
Advocacy

## { Experience }

### Codecademy

Advisor

December 2017-present

Provide on-demand instruction to learners via live 1:1 chat sessions while helping them debug their code and encouraging them, review coding topics one-on-one, guide students to additional resources available to deepen learning capacity, and communicate with other advisors to support and keep track of the student's progress.

### Generation Code

Youth Programming Instructor & Teaching Assistant

August 2017-present

Teaching children (6th - 12th grade) problem solving, collaboration, and critical thinking- through different programming courses- in an engaging, fun, and challenging way.

### General Assembly

Web Development Immersive course | Web Developer

January 2017-April 2017

Through the program, I have worked front and back end. HTML CSS & JavaScript, Node, express, arranging information with SQL, programming crud applications with Ruby and Rails, as well as front end applications with React.

### Bike New York

Youth Program Bike Instructor

June 2017 - present. (per-season)

Lead along another instructor the youth programs on learning how to ride a bicycle (and how to do so safely) to go in a group ride, as well as leading the summer youth ride club program on Sundays.

### Transportation Alternatives

Field Ambassador (part-time)

April 2017-Present

TransAlt, a non-for-profit organization dedicated to improve safety in NYC streets for pedestrians and cyclists. I go around the NYC area requesting signatures for petitions, as well as membership registration, preparation of materials, phonebooking, and spreading awareness of our mission.

### Trader Joe's

Crew Member/ Artist

June 2016 - January 2017

Provided the Trader Joe's "wow" experience to costumers while restocking product, logging donation items, interacting at a register or making sure every item had a sign.

### Brooklyn Guild

Finish/Spray department manager

April 2016 - June 2016

Led a 4-7-person team at a mid-size production company. Managed communication between my team, project managers, production managers, and client. Set up a work pattern to ensure that deadlines were met.

### Geoff Howell Studio

Spray Painter/ Assistant Manager of the Finish Department

October 2011 - April 2016

Head of Spray department at small production company.

## { Projects }
